

It's Garage Sale Time of the Year

Important rules to follow so the City doesn't "reign" on your day!

Signs are important to your day. If you place them properly, your signs won't be removed by the inspectors:

- ✦ Only place signs on your "private property." You should never put your garage sale signs on someone else's property unless you are given permission. If you place your signs in the public right of way, they may be removed by a city employee driving by. Please see photo below:

- ✦ Never put garage sale signs on utility poles, stop signs, yield signs, etc. This is illegal. Someone caught putting a garage sale sign on this type of post could be given a citation. Please see photo below:

This damage to utility poles can be dangerous for utility workers and the pole.

- ✦ Don't forget to remove your signs when your garage sale is finished.
