

# INVEST

## YOUR HSA FUNDS

Did you know you can invest the funds in your HSA account? You may invest your HSA funds in bank accounts, money market accounts, mutual funds, and stocks. You may not invest in collectibles, art, automobiles or real estate. [Log into your WageWorks account](#) to see what kinds of investment options you have.

A best practice is to keep a small liquid balance in your HSA to use to pay for current eligible expenses.

For questions, contact Human Resources or you can contact Customer Services directly at 1-877-924-3967.
