Unless otherwise specified by the terms of this Agreement, employees shall be eligible for overtime only on the basis of actual hours worked for the Employer. Temporary and part-time employees will be laid off before full-time employees.
- B) In the event of a layoff, it shall be the responsibility of the laid off employee to keep the Employer informed of any change of address and telephone number. In the event of an employee being recalled after layoff, notification by telephone, confirmed by certified mail to the employee, with copy by regular mail to the Union, shall be given. If bypassed because of lack of qualifications, the employee will not lose their rights to recall by order of seniority for future employment opportunities. An employee who has been offered recall and refuses will be considered to have voluntarily quit. The City shall give notice at least thirty calendar days prior to layoff because of a reduction in the work force or for economic reasons.

## **ARTICLE X**

### **WATER PLANT SHIFT OPERATORS**

- B) If, because of illness, overtime is to be where shift operators are employed, overtime for the first three days will be distributed equally among operators in the department affected. However, where it is evident that the absence will exceed three days, then the head of the department can call in qualified outside help to work with the operator on duty on the first day of such absence.
- C) Operator Trainees, after attending the course and passing the Grade I exam administered by IDNR, shall be paid the applicable rate of pay for the classification. If the operator does not satisfactorily pass the test, the operator shall not be entitled to request another test until his/her next turn to attendance at the appropriate school.
- D) All employees subject to this Agreement shall have at least eight hours off duty between shifts. If any said shift operator should be scheduled to work two successive shifts without eight hours off between shifts, then said shift operators shall be paid at a rate of three times his regular rate for the eight hour shift so worked.

## **ARTICLE XI**

### **BIDDING**

- A) A job vacancy of a permanent nature, which the Employer desires to fill, shall be posted on all designated bulletin boards for a period of not less than five (5) working days to provide an opportunity to apply for the opening.
- B) The City reserves the right to review all vacant positions as to their necessity and their present wage grade classification.
- C) The following rules shall be used when bidding on a position.

Once a determination has been reached by the City to fill a vacancy, an irrevocable bid will be posted using the following guidelines to fill the position:

- 1) A notice for bids shall be posted pursuant to Paragraph A, Article XI, of this Contract. The position shall be posted for bid in all departments of the City covered by this Agreement for a period of three full workdays, excluding Holidays, Saturdays, and Sundays. Bidders within a department in which the bid position exists shall be ranked by seniority first. The departmental bidder with the greatest departmental seniority shall be awarded the bid. If there are no departmental bidders, then the full time regular employee with the greatest amount of combined city seniority who meets the qualifications of the position shall be awarded the bid.
- 2) If the position is still vacant after being posted for three full workdays throughout the City, the City will open the bidding to all employees listed in Article II (sub-paragraph 2, who have completed 120 days of continuous service with no break in service).
- 3) An employee who is going on an authorized and scheduled absence shall sign a form available within their department indicating their interest in bidding positions that may be posted in their absence. Employees who are on a non-scheduled absence will be notified by registered mail at their last known address of openings that occur during their absence and they shall notify the City of their intent to bid such positions within forty-eight hours of their receipt of this notification.
- 4) All employees must be qualified for the job they are bidding before being awarded the bid. The City Manager's Designee, in conjunction with the department supervisors, shall determine job qualifications.
- 5) If during the first sixty workdays in a new position, it is determined by the City that the employee is not capable of performing the job adequately, the employee's bid award shall be rescinded and the next qualified bidder shall be selected. This sixty workdays shall not include time off for sickness or vacation. This trial period shall not have any adverse effect on his prior Departmental Seniority or Combined Seniority. The employee will be notified of the reasons for their disqualification.
- 6) If, during the first fifteen (15) workdays in a new position, the employee decides to return to his former job, upon written request through his Supervisor, his request will be granted and arrangements made to return him to his former job without prejudice to his prior Departmental Seniority, and the qualified bidder shall be selected. After awarding a bid to an employee to fill a vacant position the City will wait to post the vacant position until after the 15 day time limit has expired from that employee working within their new position.
- 7) The City shall place a successful bidder in their new position within fifteen (15) calendar days after closing the bidding. In the event this is impossible, the employee shall receive the higher rate of pay of the two (2) jobs.

- 8) All of the time periods referred to above are excluding Saturdays, Sundays, and Holidays.
- D. A temporary or vacation vacancy, if filled, will be filled by using qualified employees in order of Departmental Seniority in low job classifications. The employee filling the vacancy shall draw the grade of pay of the job in which they are filling so long as they occupy this job. The step will be determined in accordance with the Fort Dodge Municipal Code Section 2.72.060 Promotions and transfers. The employee must work at least 8 hours in a day to qualify for the higher classification. The rate an employee receives will be properly noted on the time sheet. An employee assigned to perform work in a classification paying a lower rate of pay than their own will continue to receive their regular rate so long as they occupy that job.
- E. Any dispute with regards to the qualifications of an employee in the Article may be subject to the grievance procedure. The City expressly reserves its management right to unilaterally establish position qualification. The City agrees to not use its qualification establishment right to eliminate a particular employee from consideration for a unit position by changing qualifications after that position has been posted and bid by said employee.

- B) An employee's service shall be measured as of his anniversary date of regular employment.

- C) The choice of the employee's vacation shall be granted in accordance with seniority insofar as the workload of the department will permit, and a Supervisor's vacation will not preclude employees from selecting the same period of time for their vacation selection, insofar as the workload of the department will permit.

- E) Employees who are on vacation and become ill or injured during their vacation time may not utilize sick leave or other leave in lieu of vacation. If a solution has not been reached after step (2) then the grievance must be brought to step (3) within ten days after (2).
- D) If the employee or Union fails to file the grievance or appeal it within these time limits, the City is under no obligation to discuss the grievance, but may do so at its prerogative. These time limits may be changed by mutual consent of both parties.

**Memorandum of Understanding Between the  
City of Fort Dodge  
and  
AFSCME Local 2932, Council 61 IA**

This Memorandum of Understanding (hereinafter the "Agreement") is entered into by and between the City of Fort Dodge, Iowa (hereinafter the "City") and AFSCME Local 2932, Council 61 IA (hereinafter the "Union"). The collective bargaining agreement between the City of Fort Dodge and AFSCME Local 2932, Council 61 IA effective July 1, 2015 and ending June 30, 2018 is amended as follows for the purpose of establishing procedures for layoff and recall.

The parties agree to the changes as follows:

**ARTICLE IX  
LAYOFF**

- D) An employee whose position has been eliminated shall be on layoff status and shall have the option to accept the layoff or bump into another bargaining unit position, subject to the conditions below. In the process of bumping during a layoff, the number of moves should be minimized so as not to impede the efficient operations or delivery of services in any department. The following guidelines for administration of the bumping procedure shall be in effect to minimize the number of bumps within the bargaining unit.
- 1) Overall "combined" seniority will be used to determine the seniority standing of an employee in the event of a layoff.
  - 2) An employee slated to be laid off or bumped by another employee shall be given the opportunity to bump into an equal or lower paying classification provided the position is held by a less senior employee.
  - 3) So as to minimize the number of moves the bumping employee may only displace the least senior employee in any classification and department or division.
  - 4) An employee displaced from a job as a result of a layoff or bump may exercise his/her bumping option by notifying the Employer in writing within five (5) working days of the notification of the layoff. The written notice must state the following:
    - a. Employee's seniority date;
    - b. Current position and department/division;
    - c. The position and department/division the employee would like to bump into;
    - d. Qualifications the employee holds (to assist in determining eligibility to bump into the desired classification).
  - 5) In order to bump, the bumping employee must meet the minimum qualifications and requirements of the position classification they wish to bump into.

- 6) The following language is consistent with Article XI, Bidding, section C. 5-6.
  - a. If during the first sixty workdays in a new position, not including time off for sickness or vacation, it is determined by the City that the employee is not capable of performing the job adequately the employee will be considered disqualified. The reason(s) for disqualification will be provided to the employee. A laid off employee, in reverse order of layoff, shall be notified of the opportunity to have their City employment reinstated. . The sixty workday trial period shall not have any adverse effect on the employee's prior Departmental Seniority or Combined Seniority.
  - b. If during the first fifteen (15) workdays after bumping into a new position the employee decides to withdraw from it, the employee shall make a request in writing to the Employer. With this withdrawal the employee shall be considered laid off. A laid off employee shall then be notified of the job vacancy, in reverse order of layoff, and the opportunity to have their City employment reinstated.
- 7) Laid off employees who displace/bump a less senior employee from a position for which they are qualified within the bargaining unit shall be compensated at the pay grade for the classification they are bumping into at the step they are currently occupying in accordance with Municipal Code Section 2.72.070.
- 8) Failure to exercise bumping rights in the required timeframe shall terminate any rights to further utilization of seniority in this bumping system.
- E) An employee whose services have been terminated because of reduction of the work force or for economic reasons shall be reinstated to positions for which they are qualified in reverse order of their layoff. If bypassed because of lack of qualifications, the employee will not lose their rights to recall by order of seniority for future employment opportunities. An employee who has been offered recall and refuses will be considered to have voluntarily quit. The City shall give notice at least thirty calendar days prior to layoff because of a reduction in the work force or for economic reasons.
- F) Laid off employees may bid on a vacant position in a classification they have never held per Article XI, Bidding, and shall be offered the job based on seniority and qualifications in accordance with Article XI, Bidding, Section C. 4-5.
- G) Employees who were laid off shall have all their seniority frozen as of the date of the layoff. Sick leave accrued will also be frozen unless the employee is eligible for a retirement payment per Article XIII, Sick Leave, Section F. If the employee chooses to retire to receive the sick payout it will be considered a voluntary retirement and the employee will not be eligible for recall. If the employee chooses to take the layoff instead of retiring their sick leave will be frozen upon layoff and reactivated if/when the employee is recalled.

Other accrued paid time off to include vacation, personal holiday and comp time earned will be paid out after the effective date of the layoff with the employee's last paycheck. The vacation accrual rate based on years of service shall also be reactivated if/when the employee is recalled and returns to employment within the two (2) year period per Article VIII, Seniority, Section B. Vacation accrual increases will be based upon actual time employed minus any layoff time, which will be reflected in an adjusted benefit date.

This Agreement shall be effective as of the date of signing and shall be in full force and effect through June 30, 2018.
