MEDIA RELEASE
April 30, 2020

RE: UPDATE: Outdoor recreation facilities
As we begin to move into less restrictive guidelines as directed from our public health care officials, Governor, and CDC we are constantly updating our ability to provide services to our citizens. We are advocates in keeping parks, trails, green space and limited facilities open to the public while emphasizing the need for our citizens to adhere to safety guidelines in order to mitigate community spread in Fort Dodge and Webster County.

The following areas remain closed until further notice
- All playground equipment
- Basketball courts
- FDSA soccer fields
- Campgrounds
- Park open shelters
- Cabins
- Public drinking fountains

UPDATED FACILITY OPENINGS: Please enjoy these outdoor facilities while managing social distancing, avoid large group gatherings over 10 and WASH YOUR HANDS WITH SOAP AND WATER AFTER ACTIVITY.
- Pickleball
- Horseshoes
- RC Racetrack
- Outdoor exercise stations
- Tennis courts
- Park restrooms open 5/7
- Disc Golf Courses
- Trail use
- Golfing
- Kennedy Park kayaking
- Parks are open
- Fishing

Stay updated for changes in the coming weeks through our websites and Facebook pages. While our offices are closed, we are still busy working behind the scenes to ensure the safety and health of our community. Remember to practice 6’ social distancing and avoid large group gatherings of 10 or more. But most of all remember to wash those hands. #PlaySafe
