

## LAKESIDE MUNICIPAL GOLF COURSE

Lakeside Users –

In order to best control our expenses, we have chosen to not open the clubhouse on days that have less than ideal conditions which helps to maintain our fees. Weather conditions include: rain and when the temperature does not reach 45° outside. The course will remain open to play for those who have passes and their own golf carts, as long as the course allows. The course will be closed with rain, frost or snow. Play will be permitted once it is clear, and it will be communicated through our Facebook Page: Lakeside Golf Course.

Sincerely,  
Chad Graaf  
Lakeside Municipal Golf Course Superintendent
